EXPERIENCE

Credit and Collections advocate, AT&T

DECEMBER 2017 – MAY 2018

Equipped me with essential skills for the software development field. Thriving in a fast-paced environment, I have mastered multitasking and problem-solving. Thanks to these approaches make me an asset to software development projects.

IT Service Desk Specialist, CompuCom

APRIL 2017 – OCTOBER 2017

I excelled in a high-paced environment, adeptly handling multiple tasks and resolving complex issues, skills directly transferable to the demands of software development. Furthermore, I embraced continuous self-learning and demonstrated my adaptability by taking on team leadership responsibilities.

Ops Supervisor, Qualfon

APRIL 2016 – MAY 2017

Expertise in multitasking, teamwork, self-learning, and fast-paced environments. Skilled in problem-solving and team leadership, driving a successful team's KPI and personal metrics. Effective at managing priorities, fostering collaboration, and adapting to changing circumstances.
